PUBLIC MEETING

Annexation: Earlington, 80th Ave S & S 134th St

This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Law opened the public meeting to consider the 10% Notice of Intent to annex petition for the proposed Earlington Annexation; 100.81 acres located generally east of 80th Ave. S. and north of S. 134th St.

Alex Pietsch, Community and Economic Development Administrator, pointed out that the Earlington neighborhood was annexed in 1948, and the annexation currently being considered is an addition to the previous annexation. Associate Planner Mathias reported that the annexation site contains 121 single-family homes, three duplexes, one commercial development, steep slopes, and a possible stream. She stated that public services are currently provided by Fire District #20, Renton water and sewer service, and the Renton School District.

Reviewing the site's zoning, Ms. Mathias stated that the existing King County zoning is R-6 (six dwelling units per gross acre), R-8 (eight dwelling units per gross acre), and R-12 (12 dwelling units per gross acre). She stated that the City's Comprehensive Plan designates the site as eligible for both residential single family (RSF) and residential medium density (RMD) zoning. Ms. Mathias noted that the site will likely be zoned R-8 (eight dwelling units per net acre) in the RSF areas and either R-10 (ten dwelling units per net acre) or R-14 (14 dwelling units per net acre) in the RMD areas.

Ms. Mathias reported that the proposed annexation is generally consistent with City annexation policies and Boundary Review Board objectives. Regarding the fiscal impact analysis, she stated that a deficit of $60,074 is estimated at current development and a surplus of $76,524 is estimated at full development. She pointed out that maintaining the 11.57 lane miles of roadway is a contributing factor to the estimated fiscal deficit, noting that the number of lane miles is high for an annexation of this size.

Regarding department comments, Ms. Mathias indicated that the Utility Division indicated that some stormwater updates will be needed, the Parks Division noted a shortfall of recreational amenities and activities in the area,
and

the Transportation Division noted that the roads are not necessarily up to City standards, and one intersection will likely need improvements to reduce accidents. No other comments were expressed.

Council discussion ensued regarding the appropriateness of accepting annexations with deficits during tough economic times, state and/or county funding eligibility, and sending mixed-messages about accepting annexations.

Public comment was invited.

Ronald Minter (Seattle) stated that residents in the area are seeking more governance. He remarked that most citizens in the annexation area live, shop, and work in Renton. Mr. Minter noted that King County can no longer support the area and has reduced many public services. He concluded by stating that the West Hill Business Association has been supportive of annexation efforts for many years.

Paul Berry (Seattle) President, West Hill Community Council, stated that he is not speaking on behalf of the Council or the West Hill Governance Study Group, and is generally opposed to annexation. Mr. Berry remarked that he is opposed to this annexation because he believes it is a piecemeal approach to annexing the West Hill area. He stated that the piecemeal approach reduces resources making it more difficult to provide public services needed in the community. He opined that Mr. Minter wants to be annexed so he can connect to City utilities and reduce his water bill.

MOVED BY CORMAN, SECONDED BY TAYLOR, COUNCIL ALLOW THE SPEAKER THREE ADDITIONAL MINUTES. CARRIED.

Mr. Berry concluded by stating that he believes he can and will ask the Boundary Review Board (BRB) to take a look at the annexation. He suggested that the BRB would be against a piecemeal approach in regards to this particular area.

Councilmember Corman stated that the West Hill was recently re-added to Renton's Potential Annexation Area, and that the issue could be revisited at a later date.

MOVED BY PERSSON, SECONDED BY CORMAN, COUNCIL CLOSE THE PUBLIC MEETING. CARRIED.

MOVED BY PERSSON, SECONDED BY CORMAN, COUNCIL ACCEPT THE 10% NOTICE OF INTENT PETITION FOR THE EARLINGTON ANNEXATION AND AUTHORIZE THE CIRCULATION OF A 60% DIRECT PETITION TO ANNEX SPECIFYING THAT SIGNERS SUPPORT FUTURE ZONING CONSISTENT WITH THE CITY'S COMPREHENSIVE PLAN LAND USE DESIGNATION FOR THE AREA AND THAT SIGNERS WILL NOT BE REQUIRED TO ASSUME THEIR PROPORTIONAL SHARE OF THE CITY'S EXISTING OUTSTANDING INDEBTEDNESS. CARRIED.
