PUBLIC HEARING
Budget: 2009 Annual City of Renton

This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Pro tem Palmer opened the public hearing to consider the City of Renton 2009 budget.

Finance and Information Services Administrator Iwen Wang summarized the budget deliberation process and reported that the total proposed budget for 2009 is $251,658,823. She stated that the general governmental portion of the budget is $101,568,854. Regarding revenue, Ms. Wang reported that an increase of one percent is proposed for the property tax levy, and that a four percent revenue increase for water and wastewater utilities is also proposed, with no increase for surface water utilities.

Public comment was invited.

Leo Eineker (Renton) King County Sexual Assault Resource Center (KCSARC) Board member, explained his reasons for serving the board and stated that KCSARC provided assistance this year to 110 Renton residents, 51 of who were children or teenagers, at no cost to the individuals. He pointed out that KCSARC also provided educational resources to 200 Renton residents in 2007. Mr. Eineker estimated KCSARC’s costs of serving the Renton community to be approximately $200,000 and noted that the City provides about 20% of the funding. Mr. Eineker expressed concern regarding a proposed 18% reduction in funding for 2009, and commented that reductions in funding will cause KCSARC to reduce its services to people who need it the most.

Bill Block (King County), Project Director for the Committee to End Homelessness in King County, stated that the Committee has worked hard with South County cities to address the needs of local communities. Mr. Block remarked the Crisis Clinic Line (2-1-1) has seen requests for rental assistance go up 53%, requests for heat and light assistance go up 20%, and that overall calls are up 11% since 3rd quarter 2007. He noted that 62% percent of all calls in Renton are related to housing needs. He requested that Council keep these facts in mind, and stated that the true test of a community is how we help those who are most vulnerable when we ourselves are most stressed.

There being no further public comment, it was MOVED BY ZWICKER, SECONDED BY CORMAN, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED.
Chief Administrative Officer Covington explained that the human services allocation process was revamped four years ago and that the City received more than $780,000 in requests against an anticipated allocation of just under $484,000 this fiscal year. He pointed out that this year’s funding recommendations include a recommendation to provide more funding to the King County Sexual Assault Resource Center, Renton Area Youth and Family Services, and the Washington Women’s Employment and Education agencies, if more money becomes available. Mr. Covington noted that this has been a tough budget year, and that the City is, for the first time, looking at potential service impacts to police, fire, and street maintenance. He emphasized that the City has great sympathy for the needs of human services agencies, and will continue to look to find ways to leverage City resources against other resources in the community.

Arland “Buzz” Johnson (Renton) remarked that the loading zone signs in front of Spencer Court (Senior Community) are located too high for people to see and stated that because of this, people believe the spaces are regular parking spots. He commented that this leaves no room for the Access Bus to load and unload passengers. Mayor Pro tem Palmer suggested that Mr. Johnson speak to Public Works Administrator Zimmerman regarding this matter.

Hallie Sword (Renton) stated that residents of the Valley View Mobile Home Park will be getting organized to speak to Council about their housing options at the beginning of next year. She expressed appreciation for Council’s concern and submitted two letters from park residents (Hung Van Pham and Danh Cao Dinh) regarding their housing situations.

Items on the consent agenda are adopted by one motion which follows the listing.

Community and Economic Development Department reported submission of nine grant applications for the 2008 Neighborhood Grant Program (second round), and of those recommended funding of three projects and three newsletters in the total amount of $4,972. Refer to Community Services Committee.

Fire and Emergency Services Department recommended approval of an agreement with the Washington State Military Department to accept Department of Homeland Security Emergency Management Performance Grant funds in the amount of $85,840, to support the emergency management program. Council concur. (See page 379 for ordinance.)

Hearing Examiner recommended approval, with conditions, of Kelsey’s Crossing Preliminary Plat; 13 single-family lots on 2.13 acres located in the vicinity of SE 192nd St. and 120th Ave. SE (PP-08-069). Council concur.

Transportation Systems Division recommended adoption of updated Commute Trip Reduction regulations and 2007 Commute Trip Reduction Plan to reflect State mandated changes. Council concur. (See page 379 for resolution and ordinance.)

Utility Systems Division recommended approval of a contract in the amount of $200,500 with Bilfinger/Tri-State Joint Venture for the protection and relocation of existing water lines in SR 167 and I-405 as part of the I-405, I-5 to SR 169, Stage 1 Widening project. Council concur.

Committee of the Whole
Budget: 2009 Annual City of Renton

MOVED BY CORMAN, SECONDED BY ZWICKER, COUNCIL CONCUR IN THE CONSENT AGENDA. CARRIED.

Council President Pro tem Corman presented a Committee of the Whole report recommending concurrence in the following 2009 Budget recommendations:

Property Tax Levy: A revised preliminary property tax worksheet provided by King County has an estimated property tax of $30,428,206, based on $246,626 in 1% levy base increase, $1,180,955 in new construction levy, $4,045,797 in annexation levy, and $292,254 in re-levying of prior year refunds. The actual increase in the base levy when compared with the amount actual levied in 2008 is an increase of 0.76%.

The new construction and state public utility levy will not be finalized until near the end of December. Therefore, the Committee recommended authorization for the 2009 levy in the higher amount of $31,000,000 to ensure the City receives the full amount allowed under the state statute.

Utility Rate Increases: The Committee recommended that water and wastewater rates be increased by an amount that would provide a 4% overall revenue increase to fund the operation, maintenance, and improvements to the systems. Also included in the recommended rate increases is the amount necessary to fully fund the rate increase imposed by King County Metro for sewer treatment.

Other Rates and Fees: Other rate and fee adjustments that are currently being considered and/or have previously gone through the public hearing and Council approval process, such as recreation and golf course fees, as well as solid waste rates, are integral to the 2009 budget.

2009 Budget: The Committee recommended a total 2009 Budget appropriation of $251,658,823.

Budget Related Ordinances: The Committee further recommended that the following ordinance regarding these matters be presented for first reading:
1. Property Tax ordinance
2. Utility Rate ordinance
3. 2009 Budget ordinance
