AUDIENCE COMMENT

Frederick Andrews (King County) expressed his concerns regarding the build-up of silt below the water level at the interface between the mouth of the Cedar River and Lake Washington, pointing out that this is a potential hazard to boaters. Additionally he noted that despite the number of agencies that are involved with this area, none seem to take responsibility for the situation. Mr. Andrews suggested that the City take the initiative to apprise the stakeholders (those who benefit from the amenities) of the situation.

Chief Administrative Officer Covington stated that the City has worked on this matter for many years, but has been unsuccessful in doing much more than maintenance dredging. He assured that the City is doing what it can in the wake of the habitat impacts and jurisdictional disputes.

Audience Comment: Dere - Spirit of Washington Dinner Train

In response to the inquiry of Jeff Dere (Renton), Chief Administrative Officer Covington stated that the City does not know of any plans to reinstate the Spirit of Washington Dinner Train. He explained that the dinner train could no longer run from Renton to Woodinville due to the abandonment of a portion of the railroad tracks, and to the I-405 expansion that affects the Wilburton Trestle.
