SPECIAL PRESENTATIONS

Public Works: Employee Recognitions

Planning/Building/Public Works Administrator Zimmerman recognized the Planning/Building/Public Works employees nominated and chosen by their peers to receive 2006 Good Work awards, as follows: David Hohn, Fleet Manager; Keith Woolley, Civil Engineer; and Helen Weagraff, Program Specialist. Mr. Zimmerman then presented the 2006 Planning/Building/Public Works Employee of the Year award to Laureen Nicolay, Senior Planner.

Mr. Zimmerman further announced that the following Planning/Building/Public Works employees who contributed to the Clean Sweep Renton program were awarded the 2006 Good Teamwork award: Julie Pursell, Program Specialist; Linda Knight, Solid Waste Coordinator; Spencer Orman, Program Specialist; Don Ellis, Engineering Specialist; Jayson Grant, Maintenance Services Worker; Pat Zellner, Street Maintenance Services Supervisor; Jim Pryor, Lead Maintenance Services Worker; and Ed Washington, Maintenance Services Worker.

King County: Parks Levy

King County Parks Assistant Director Tom Koney reported on the proposals for renewal of King County Parks operating levy and the parks and recreation expansion levy. He reviewed the current King County Parks system, which consists of more than 180 parks, 25,000 acres of parks and open space, and 175 miles of trails. Mr. Koney pointed out that the system focuses on regional open space and regional trails.

Mr. Koney stated that the current four-year operating levy, which provides direct support for approximately 57 percent of the operating budget, expires on 12/31/2007. The typical household burden is $17 per year based upon a $400,000 home. He reported that the King County Parks Futures Task Force
convened from November 2006 to March 2007 to deliberate two issues: how to maintain the King County Parks system after the operating levy expires and how to build the system to serve the needs of the region tomorrow.

Continuing, Mr. Koney explained that the task force recommended two six-year companion levies. The King County Executive followed the task force’s lead in also recommending two companion levies, slightly downsized, to the King County Council. The six-year operating levy renewal and the six-year parks and recreation expansion levy would each levy five cents on every $1,000 of assessed valuation. The typical household burden would be $20 per year for each levy based upon a $400,000 home.

Mr. Koney indicated that the King County Council must approve both ordinances no later than 5/29/2007 for the August 21 primary ballot. He noted that passage of either levy is not pre-conditioned on passage of the other, and if the operating renewal levy measure fails, the measure will be placed on the November general election ballot.

Responding to Council President Nelson's inquiry, Community Services Administrator Higashiyama stated that the total Renton has paid from 2004 through 2007 for the current levy is $1,267,000.

**ADMINISTRATIVE REPORT**

Chief Administrative Officer Covington reviewed a written administrative report summarizing the City’s recent progress towards goals and work programs adopted as part of its business plan for 2007 and beyond. Items noted included:

- Renton and King County will share the costs of an annexation telephone survey in the Benson Hill Communities to be conducted beginning April 16 to assess residents' interest in annexation and to gain an understanding of the service issues important to residents in the area.

- Garden Ave. N. will be closed April 10, 11, and 12 from 9 p.m. to 5 a.m. to allow installation of water lines for the new Target store.

**AUDIENCE COMMENT**

Citizen Comment: Johnson - Diamond Lanes

Arland "Buzz" Johnson, 334 Wells Ave. S., #306, Renton, 98057, voiced his appreciation for the Days of Remembrance proclamation. Additionally, Mr. Johnson expressed support for the expanded use of diamond lanes (high occupancy vehicle (HOV) lanes) on freeways, freeway exits and entrances, and on wider streets. He pointed out that diamond lanes may motivate solo drivers to change their mode of transportation.
