SPECIAL PRESENTATION

Community Event: 2009 Renton FilmFrenzy

Economic Development Director Suzanne Dale Estey announced the second annual Renton FilmFrenzy, sponsored by the Renton Community Marketing Campaign (RCMC), a joint effort including the City of Renton, the Renton Chamber of Commerce, the Renton Visitor’s Connection, Renton Technical College, the Renton School District, Valley Medical Center, and in partnership with the Renton Municipal Arts Commission. Remarking that the 2008 Renton FilmFrenzy was a great success that garnered a tremendous amount of publicity, she also stated that the hope is for the program to eventually grow into a film festival while retaining its unique filmmaking competition. Ms. Dale Estey announced that the 2009 Renton FilmFrenzy will be a 50-hour film making competition that runs from Friday, October 16 through Sunday, October 18. She stated that filmmakers must write, shoot, edit and turn in a film within the time period that is shot in Renton and is up to four minutes in length. She noted that filmmakers will be given curveball challenges when the competition starts, such as incorporating certain dialogue or locations into the films.

Ms. Dale Estey reported that the registration deadline is October 9, 2009, and that top films will be presented “Curvee” awards and cash prizes. She invited the public to attend the awards ceremony on October 27, 2009, at 7 p.m. at the IKEA Performing Arts Center. She concluded by presenting a short video promoting the event prepared by the winners of last year’s Renton FilmFrenzy.

PUBLIC HEARING

Annexation: Shamrock, NE 10th St & Jericho Pl NE

This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Law opened the public hearing to consider the Petition to Annex and R-4 zoning for the proposed Shamrock Annexation; 123.69 acres, located generally south of NE 10th St. and east of Jericho Pl. NE.

Associate Planner Angie Mathias reported that a closing letter approving final action for the Shamrock Annexation has been received from the Boundary Review Board. She explained that a public hearing was held on 2/9/2009 and that tonight’s hearing is a second hearing regarding zoning and is required prior to effectuating the annexation.
Ms. Mathias reported that the annexation site contains 142 single-family homes, approximately 35 acres containing vested projects, steep slopes, and wetlands.

Reviewing the site's zoning, Ms. Mathias stated that the existing King County zoning is R-4 (four dwelling units per gross acre). She stated that the City's Comprehensive Plan designates the site as eligible for three possible low density residential zones: Resource Conservation (one dwelling unit per net 10 acres), R-1 (one dwelling unit per net acre), or R-4 (four dwelling units per net acre). She noted that the proposed zoning for the area is R-4.

Responding to Councilmember Persson's inquiries, Ms. Mathias confirmed that the vested projects are set at King County R-4 zoning and could result in higher densities than the City would allow. She explained that King County does not remove critical areas from their zoning calculations and allows the transfer of development rights to buildable areas. She noted that there are three separate projects vested to King County standards that must be honored within the annexation area.

Public comment was invited.

Rosemary Rashell (King County) inquired as to whether her address and garbage hauling service would change if annexed. Mayor Law suggested that Ms. Rashell speak to Ms. Mathias at the conclusion of the hearing.

There being no further public comment, it was MOVED BY BRIERE, SECONDED BY ZWICKER, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED. (See page 149 for ordinances.)

ADMINISTRATIVE REPORT

Assistant Chief Administrative Officer Wine reviewed a written administrative report summarizing the City’s recent progress towards goals and work programs adopted as part of its business plan for 2009 and beyond. Item noted included:

- City Hall and most City offices will be closed Friday, May 22, to observe a furlough day to help balance the City’s budget. With the exception of essential police, fire, and maintenance staff, Renton employees will be taking the day off without pay.

AUDIENCE COMMENT

Citizen Comment: Johnson - Annexation to King County Library System

Arland “Buzz” Johnson (Renton) expressed concern regarding the proposed annexation to the King County Library System.

Council President Corman stated that the issue of annexing to the King County Library System ultimately lies within the hands of Renton voters. He remarked that Council is not voting to annex, rather they are voting to put the issue of annexation on the ballot. He noted that the issue will probably come up in Spring of next year, giving citizens on both sides of the issue the opportunity to promote their opinions.

Assistant Chief Administrative Officer Wine remarked that the Committee of the Whole will take up the issue in June and will have to weigh the options of remaining independent and making capital investments to the existing system, or asking Renton voters if they would be interested in annexing to the King County Library System.

Citizen Comment: Hauschildt - Eagle Scout Blood Drive Project

Joshua Hauschildt (Kent), Eagle Scout candidate, reported that he is planning a blood drive and requested permission to conduct the blood drive within Renton. He also requested help locating a suitable facility to host the blood drive.

Mayor Law granted permission to conduct the blood drive. MOVED BY CORMAN, SECONDED BY BRIERE, COUNCIL REFER THE ISSUE OF LOCATING A SUITABLE FACILITY FOR MR. HAUSCHILDT TO HOST A BLOOD DRIVE TO THE ADMINISTRATION. CARRIED.
Citizen Comment: Wolk - Waste Management Rates for Multi-Family Units

Ray Wolk (Renton), Tall Firs Townhomes, requested an update regarding the recent hike in waste hauling fees impacting his community. He reported that the Tall Firs homeowners’ association recently took a $5,000 loan to cover the increased fees.

Public Works Administrator Zimmerman confirmed that commercial multi-family solid waste customers saw a significant rate increase at the beginning of the year. He reported that this increase affected approximately 800 customers. Mr. Zimmerman explained that rate scenarios and service approaches are currently under review in an effort to reduce the fee increase for this customer class. He stated that these alternative scenarios will be reviewed by the Utilities Committee for approval and then presented to affected homeowners’ associations within a few weeks.

Mr. Zimmerman stated that a rate rebate approach for 2009 and a reduction of the rate for 2010 and beyond is the probable approach that will be recommended to Council. He emphasized that the administration is being overly cautious so as not to impact any other customer rates. He surmised that the goal of reducing the rate for commercial multi-family customers while not impacting other customer rates is achievable. Mr. Zimmerman also reported that all organizations affected by the rate increase have been notified that the City is working to alleviate the issue.

Discussion ensued regarding the difficulty of allowing retroactive rate adjustments without impacting other rate payers, cash flow issues, speeding-up the process, residential rates compared to commercials rates, reasons why condominium owners retained weekly garbage service, notification requirements when changing garbage rates, complaints from citizens, and policy decisions regarding retroactive rate adjustments.

Further discussion ensued regarding changing customer classifications, whether solid waste fees are pass-through fees, and Waste Management’s authority to make rate offers to City of Renton solid waste customers.

MOVED BY ZWICKER, SECONDED BY BRIERE, COUNCIL REFER THE ISSUE OF WASTE MANAGEMENT RATES FOR MULTI-FAMILY UNITS FROM THE UTILITIES COMMITTEE TO THE COMMITTEE OF THE WHOLE. CARRIED.

Citizen Comment: Cook - Waste Management Rates for Multi-Family Units

Jeanette Cook (Renton), Tall Firs Townhomes, submitted a petition signed by condominium homeowners requesting their status of commercial multi-family be changed to residential. She stated that the solid waste rate increase has jeopardized their budget and expressed appreciation for Council’s concern regarding the situation.

Citizen Comment: Orr - Waste Management Rates for Multi-Family Units

Brian Orr (Renton), Tall Firs Townhomes, expressed concern over the amount of bureaucracy involved with something as simple as a garbage bill. He emphasized that townhomes are no different than other homes in the area and should be classified at residential rates. He also spoke in support of annexing to the King County Library System.

Citizen Comment: McOmber - Community Blood Drive & Townhall Style Meeting Event in Renton Highlands

Howard McOmber (Renton) stated that a community blood drive will be held at the LDS church at 816 Field Ave. NE from 10 a.m. to 2 p.m. on Saturday, May 30. He also requested that a townhall style meeting be conducted in the Highlands to afford citizens the opportunity to speak to City officials and staff.

NEW BUSINESS
Police: Annual Report
Councilmember Taylor announced that the Police Department published their annual report. He remarked that people may not be aware of the many different services the department provides and stated that the report succeeds in providing valuable information with clarity and brevity.

AUDIENCE COMMENT
Citizen Comment: Mitchell - Noise Ordinance Clarification, Center Village Zoning
Diane Mitchell (Renton) shared her experiences as owner of the old “Joe’s Tavern” in the Renton Highlands and acknowledged that the bar used to have a rough reputation. She remarked that she and her husband have been working hard to clean up the bar and that most nights it is a very quiet place. Ms. Mitchell stated that in an attempt to be a good neighbor and to mitigate noise, pads are added to walls and windows when bands are playing. She requested clarification of the noise ordinance as it relates to the zoning of her property, noting that when confronted by the police, each officer has a different opinion as to what the regulations mean. Ms. Mitchell also requested information regarding a police task force that is investigating noise complaints received by the Mayor’s office.

Mayor Law stated that numerous complaints about the business have been received in the past and expressed appreciation for Ms. Mitchell’s willingness to work with the City to alleviate the issues. He stated that the police and planning departments will work with her to help make sure the laws and ordinances are clarified. He also stated that all complaints are handled in the same way and that unless there is illegal activity occurring at the business, it would not receive any special focus or attention.
