She stated that it is a filmmaking competition, where filmmakers have 50 hours to write, shoot, edit and submit a film.

Ms. Dale Estey remarked that the Curvee Awards Gala was held 10/27/2009 at the Renton Ikea Performing Arts Center and the top ten films were aired. She noted that television personality Jim Dever was the night’s Master of Ceremonies and that the EriAm Sisters performed at the event.

Deputy Police Chief Tim Troxel described a chaotic shooting incident that occurred at 1:34 a.m. on 9/4/2009. He recognized the following officers for their assistance in handling the scene on the night of the shooting: Officers Pete Kordel, Chris Desmet, Desiree Morley, Mark Hume, Ed Sagiao, Shelly Hamel, Chris Ryes, and Sergeants Christie Matthews and Steve Ritchie. He explained that Officer Jason Trader, while on patrol, viewed a large crowd gathering outside Pounders Pub on Main Ave. S. and heard gunshots fired. He stated that as the first officer on the scene, Officer Trader requested outside assistance, gave suspect and victim information, and handled the scene until the arrival of a sergeant.

Additionally, Deputy Chief Troxel awarded the Police Department’s Meritorious Service Medal to Officers Jason Trader, Ed Chang, and Kelly Matsukawa for their outstanding display of courage in the performance of duty. Concluding, Deputy Chief Troxel stated that Officer Thaddeus Kerkhoff’s quick-thinking action of using a belt he obtained from the crowd as a tourniquet saved a shooting victim’s life. He awarded Officer Kerkhoff the Police Department’s Distinguished Service Medal for the life saving efforts he performed that night.

This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Law opened the public hearing to consider the 2010 City of Renton budget.

Finance and Information Services Administrator Iwen Wang reported that tonight’s hearing is the second of two concerning the 2010 budget. Ms. Wang reported that the City’s overall proposed budget for 2010 is $212.4 million, which includes general governmental funds, enterprise funds, capital projects, and debt services funds.

Ms. Wang reported that the proposed revenue funding resources total $211.5 million. She stated that the budget is balanced and explained that $97.8 million is projected for the general governmental budget, which provides for most of the City services. Ms. Wang remarked that approximately 76% of all City revenue is taxes and the bulk of this resource is used for fire and emergency services, police services, community and recreation services, and other City services.

Ms. Wang reported that the proposed revenue includes property tax of $31.3 million. She stated that this equates to approximately $850 dollars per average home in Renton. Ms. Wang noted that the proposed budget recommends banking 1 percent of the property tax as allowed by state law. She remarked that the City receives only 24 percent of property tax revenue collected within the City, and pointed out that the majority of the funds are distributed among other jurisdictions.
Ms. Wang reported that sales tax is the City's second largest source of revenue and noted that there has been a decline in 2009, and the projections for 2010 are flat. She emphasized that the City of Renton generates over $200 million in sales tax annually, and receives only approximately $20 million.

Ms. Wang reported that utility taxes are the City's third largest revenue source. She explained that these funds are derived from taxes on electrical, natural gas, City utilities, phone service, cell phone service, and cable. She stated that when the taxes are combined they generate nearly $15 million, and are a reasonably stable source of revenue. Concluding, Ms. Wang remarked that there has been a significant decline in Development Fees in both 2008 and 2009, and remarked that City is projecting a slight increase in the collection of these fees in 2010. She recommended that Council approve the 2010 budget and related ordinances.

Public comment was invited.

Karen Williams (Seattle) stated that she is speaking on behalf of the Housing Development Consortium, a conglomeration of developers, non-profit affordable housing developers, governments, and lenders who are aligned together to work on affordable housing throughout King County. She expressed appreciation for the preservation of the Housing Opportunity Fund in the 2010 Budget. She also commended City officials and staff for making a capital contribution to affordable housing. Ms. Williams remarked that the City's commitment to affordable housing helps to ensure that residents can work and live in Renton and not be challenged by issues of homelessness.

Dorothy Parsons (Renton) shared her family's experience utilizing the many services provided by the City's Community Services Department. She acknowledged the need for budget cuts, but stated that youth programs are important because they provide safe and supervised activities for young people. She expressed concern over the proposed elimination of the 2010 Summer Teen Musical Program and requested that Council consider reinstating the program in 2010, or in a future budget.

Bill Kirlin-Hackett (Bellevue), Interfaith Task Force on Homelessness Director, expressed appreciation for the City's continued support of human services funding. He stated that this support is an acknowledgement from the City that the need for these programs still exists. Mr. Kirlin-Hackett stated that homelessness is a critical crisis that continues to plague all of us. He stated that there is often 150 to 200 percent more homeless people on the streets than are counted during the One Night Count of the Homeless events. He requested that City officials and staff familiarize themselves with the 10-Year Plan to End Homelessness.

MOVED BY PARKER, SECONDED BY ZWICKER, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED.

Rhoda Green (Renton) presented a report regarding a neighborhood grant the Earlington Hill Neighborhood Association received. She explained that as early as 2005, neighbors joined together to clean up the entrance area to the neighborhood. She stated that the City granted funds to create and install an entrance sign for the neighborhood. She presented photographs depicting various stages of the project's completion. Ms. Green highlighted the challenges of placing the sign on property that is owned by Seattle City Light,

UNFINISHED BUSINESS

Committee of the Whole

Budget: 2010 Annual City of Renton

Council President Corman presented a reported recommending concurrence in the following 2010 Budget recommendations:

Property Tax Levy: A revised preliminary property tax worksheet provided by King County has estimated property taxes of $31,800,000, based on $31,090,000 of 2009 base levy with 0% increase, plus $360,000 in new construction levy, $260,000 in annexation levy, and $90,000 in re-levying of prior year funds.
Substantial Current and Future Need: The proposed 0% increase in 2010 is above the negative 0.848% change of inflation as defined by the September Implicit Price Deflator, therefore requires a finding of Substantial Need by the City Council to levy this amount. With the finding of substantial need, the State law allows the City to raise the property tax up to the 1% above the base regular levy of the preceding year. While the proposed budget does not raise the 1% levy in 2010, the City Council finds substantial future need exists which would require the 1% levy, and therefore the proposed ordinance will preserve or bank this additional 1% levy for future years.

Utility Rate Increases: The Utilities Committee recommends a 10% increase in water rates, a 4% increase in sewer rates, and a 4% increase in residential garbage rates to fund the operation, maintenance, and improvements to these systems. The ordinances that establish these rates are being presented by the committee separately and are scheduled for adoption this evening. The budget ordinance incorporates these rate changes.

Other Rates and Fees: Other miscellaneous user fee adjustments, such as recreation and golf course fees, as well as fire permits and inspection fees, are reviewed by the Finance Committee and presented for Council adoption. These fee adjustments are integral to the 2010 budget.

2010 Budget: With the above considerations, the Committee of the Whole recommends a total 2010 Budget Appropriation of $212,407,593.

Budgeted Related Ordinances: The Committee further recommended that the following ordinances regarding these matters be presented for first reading:

1. Ordinance Finding Substantial Needs to Maintain Base 2010 Property Tax levy at the same level as 2009, with 0% increase.
2. Property Tax Ordinance
3. 2010 Budget Ordinance
