MOVED BY CORMAN, SECONDED BY NELSON, COUNCIL CONCUR IN THE PROCLAMATION. CARRIED.

Mayor Keolker changed the order of business, as the special presentation speaker had not yet arrived.

PUBLIC HEARING

Annexation: Akers Farms, 108th Ave SE & Puget Dr S

This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Keolker opened the public hearing to consider the proposed annexation and R-8 zoning of 14.02 acres (including the abutting street right-of-way) located in the vicinity of SE 160th St., SE 164th St., 108th Ave. SE and 110th Ave. SE, if extended (Akers Farms).

Senior Planner Don Erickson reported that five single-family dwellings exist on this site, which slopes generally downward to the northeast from the southwest corner. The northern portion of the site contains an unclassified coal mine hazard area. In regards to the public services, he noted that the site is within Fire District #40, the sewer service areas of Renton and the Soos Creek Water and Sewer District, the water service area of Soos Creek Water and Sewer District, and the Renton School District.

Mr. Erickson stated that current King County zoning is R-8 (eight dwelling units per gross acre), and the Renton Comprehensive Plan designates the site as Residential Single Family for which R-8 (eight dwelling units per net acre) is proposed. He indicated that the fiscal impact analysis assumes a potential of 76
homes at full development, the replacement of the five existing homes, and an average new home value of $375,000. A $395 surplus is estimated at current development, and a $16,842 surplus is estimated at full development. Mr. Erickson noted the one time parks acquisition and development cost of $30,721.

Mr. Erickson reported that the proposed annexation is consistent with City policies and Boundary Review Board criteria, and serves the best interests and general welfare of the City, especially if higher quality development is encouraged near Nelsen Middle School. He indicated that no major service issues were identified; however, City departments noted the cumulative impact of recent annexations, which will eventually require additional staff.

Public comment was invited. There being none, it was MOVED BY BRIERE, SECONDED BY LAW, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED.

MOVED BY BRIERE, SECONDED BY LAW, COUNCIL: SUPPORT R-8 ZONING CONSISTENT WITH THE COMPREHENSIVE PLAN; ACCEPT THE AKERS FARMS ANNEXATION; CONCURRENTLY REZONE THE SITE BY ADOPTING R-8 ZONING FOR THE 12.99-ACRE NON-STREET PORTION; AND PRESENT THE ORDINANCES FOR FIRST READING ON 5/8/2006. CARRIED.

SPECIAL PRESENTATION
Legislature: 2006 State Legislative Session Wrap-Up

Renton's State lobbyist, Doug Levy, presented the 2006 legislative session wrap-up report. He pointed out that typically one-half to one-third of the bills introduced into the legislative process affect local government in some way. Mr. Levy highlighted the following items:

- Streamlined Sales Tax - the full mitigation solution was held by the House Speaker due to political campaign and timing issues.

- Annexation Financing - a new financing tool for large annexations was passed which could mean up to $4.5 million per year to help with annexation of areas such as West Hill and Fairwood.

- Transportation - 1) additional flexibility for the Regional Transportation Investment District (RTID); 2) provision that allows formation of Transportation Benefit Districts with voter approval; 3) SR-169 designated a Highway of State Significance; and 4) new funding codified for the Transportation Improvement Board.

- Budget - funding for law enforcement training academy and for inventorying buildable lands.

- Economic Development - opportunity to compete for infrastructure financing.

- Tax Incentives - 1) excise tax relief for certain aerospace suppliers; 2) new sales tax deferral for biotech manufacturing; and 3) State matching money for film and TV production.

- Law Enforcement, Criminal Justice and Courts - 1) more than a dozen bills passed concerning sex offenders; 2) provisions for electronic ticketing; and 3) felony treatment of repeat DUI offenders.

Mr. Levy noted that the mole trapping issue was held up in the process, as well as State/local agency liability limitations. Looking forward, he stated that more work lies ahead regarding issues such as eminent domain, transportation governance, sales tax streamlining, auto theft, potential RTID and Sound
Transit joint ballot, and capital budget funding for the Chastain Trail (federal funding will also be pursued).

In conclusion, Mr. Levy emphasized the following: legislative tracking, lobbying, and advocating has become a year-round business; it is important to monitor State initiatives, which can change and undo legislative action; and Renton's strategy to focus on a few issues has been a successful formula.

ADMINISTRATIVE REPORT

Chief Administrative Officer Jay Covington reviewed a written administrative report summarizing the City’s recent progress towards goals and work programs adopted as part of its business plan for 2006 and beyond. Items noted included:

- The Mayor's Planting Day on April 22nd was a success with over 60 volunteers planting trees and flowers in the downtown business district.
- The Second Annual Community Garage Sale will be held at the Renton Community Center on April 29th.
- The 2006 Summer What's Happening recreation brochure will be available beginning May 1st, with registration opening May 2nd for Renton residents, and May 4th for non-residents.

AUDIENCE COMMENT

Citizen Comment: DeMastus - Highlands Community Association

Sandel DeMastus, Highlands Community Association (HCA) Vice President, 1137 Harrington Ave. NE, Renton, 98056, claimed that false information was given by a speaker regarding the association at the last Council meeting. Ms. DeMastus named the nine HCA board members, and shared their professional backgrounds. She stated that the HCA is a 501(c)(3) non-profit organization, who, like other neighborhood associations, left Renton's Neighborhood Program due to its rules. Ms. DeMastus emphasized that the HCA has done a lot for the Highlands area, and she is very proud of the association.

Citizen Comment: Petersen - Highlands Subarea Plan

Inez Petersen, 3306 Lake Washington Blvd. N., #3, Renton, 98056, stated that although she is excited about The Landing project as discussed during Committee of the Whole, the Highlands Community Association (HCA) is concerned about the related traffic issues. Ms. Petersen announced that HCA filed an appeal on the Environmental Review Committee's SEPA determination regarding the Highlands Subarea rezoning proposal.

Ms. Petersen recommended that existing single-family dwellings and duplexes in the Highlands not become non-conforming. Property owners unwilling to upgrade the dwellings should be encouraged to sell to someone who will upgrade, and if they do not, she supports the City's enforcement of laws to acquire the property for development. Additionally, she recommended increased police presence, sidewalk repair and installation, and review of low-interest loans and non-profit assistance availability for low-income citizens. Ms. Petersen encouraged the City to consider a compromise between the area's current situation and high density development.

Citizen Comment: McOmber - Highlands Subarea Plan

Howard McOmber, 475 Olympia Ave. NE, Renton, 98056, said he favors upgrading the Highlands area. He agreed that upgrades to the zoning are also needed; however, the proposed zoning text still needs substantial revision. Emphasizing that the moratorium has stopped residents from upgrading their property, Mr. McOmber pointed out that residents should be allowed the freedom to improve the area. He stated that he wants to continue to improve the Highlands with the City's help, and stressed that time is needed to do it right and to work things out.

The Committee further recommended authorizing a fund transfer from the Airport's Airside/Landside Separation Fund in the amount of $118,420 to cover the cost of the contract, and authorizing the Mayor and City Clerk to sign the contract. MOVED BY PALMER, SECONDED BY PERSSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED.

Planning & Development Committee
Planning: Highlands Subarea Plan Study Area Moratorium

Planning and Development Committee Chair Briere presented a report recommending that a public hearing be set on 5/8/2006 to consider extending the existing moratorium on new development in the R-10 and RM-F zones within the Highlands Subarea Plan study area. The purpose of this extended moratorium is to provide adequate time for resolution of the appeal of the SEPA determination on the Highlands Subarea rezoning proposal before the City Hearing Examiner, to allow the City Council to consider public testimony, and to review staff and Planning Commission recommendations concerning the appropriate density and use of land within the Highlands Subarea Plan study area, prior to adoption of a zoning text amendment and rezone proposal.*

Councilwoman Briere stated that due to the filing of the appeal by the Highlands Community Association, it is prudent to extend the moratorium until the appeal goes through the process.
