Police Services Specialist Jacqueline Thomas, the Employee of the Fourth Quarter, was also named Employee of the Year. Chief Anderson then presented the Meritorious Service Medal to Officer Clay Deering, who on 8/4/2005, entered a burning house and rescued an elderly resident.

PUBLIC HEARING
Vacation: Jericho Ave NE, Romano, VAC-05-005
This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Keolker opened the public hearing to consider the petition to vacate a portion of Jericho Ave. NE right-of-way, five feet in width and 286 feet in length, located south of NE 4th St.
(Petitioner: Mike Romano, Centurion Development Services, on behalf of property owner Norris Homes, Inc.)

Karen McFarland, Engineering Specialist, reported that 100% of the abutting property owners have signed the vacation petition, and there are no City-owned or outside agency facilities in the right-of-way. Explaining that the petitioner plans to use the area in the proposed Jericho Plat development, Ms. McFarland pointed out that the vacation will benefit the public by improving traffic flow and safety, and will provide better public transit access by allowing a bus pullout at the intersection of NE 4th St. and Jericho Ave. NE. Currently, the existing right-of-way is five feet wider than the City requires, and the developer has been working with City staff to improve Jericho Ave. NE beyond the code requirements to a modified collector street standard.

Continuing, Ms. McFarland stated that although King County Assessor records and the Plat Certificate provided by the title company neglected to show the area of this vacation request as right-of-way, City staff's overall final plat review process showed this right-of-way as an area that was to be abandoned. She relayed the staff request that an easement for sidewalk, street lighting, and utilities be retained in the subject area.

Ms. McFarland explained that since the City acquired the street through the 1998 East Renton Plateau Annexation, there were no original acquisition costs. The vacation area is unimproved and City funds have not been expended for its
maintenance. Therefore, staff recommends that compensation not be charged since the easement will provide the City with all rights necessary for the City's intended use of the area, and the City will benefit from the street improvements associated with Jericho Plat. In conclusion, Ms. McFarland stated that staff recommends approval of the vacation request, and waiver of the compensation.

In response to Councilman Persson's inquiry regarding the bus pullout, Ms. McFarland explained that throughout the plat review process, the vacation area was already shown to be a part of the Jericho Plat and not right-of-way. Thus, the bus pullout has already been planned.

Mike Romano, Centurion Development Services, 22617 8th Dr. SE, Bothell, 98021, noted that the vacation proposal is holding up the recording of the final plat. He explained that the original preliminary plat map showed the area as a road easement, and therefore it was considered to be a part of the plat until discovered by City staff to be right-of-way. Mr. Romano encouraged Council to approve the vacation so that the project can move forward as originally approved by Council.

There being no further public comment, it was MOVED BY NELSON, SECONDED BY CLAWSON, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED.

MOVED BY CLAWSON, SECONDED BY CORMAN, COUNCIL APPROVE THE VACATION REQUEST SUBJECT TO AN EASEMENT IN FAVOR OF THE CITY BEING RETAINED OVER THE ENTIRE RIGHT-OF-WAY FOR SIDEWALK, STREET LIGHTING, AND UTILITIES, AND COUNCIL WAIVE COMPENSATION GIVEN THE BENEFITS THAT WILL BE RECOGNIZED BY THE CITY FROM THE ASSOCIATED STREET IMPROVEMENTS. CARRIED.
