AUDIENCE COMMENT

Citizen Comment: DeMastus - Utility Tax Exemption, Senior & Disabled Residents

Sandel DeMastus, Highlands Community Association Vice President, 1137 Harrington Ave. NE, Renton, 98056, spoke in support of a utility tax exemption for seniors and those with disabilities. She explained that there are over 1,900 residents in the Renton Highlands area alone that have an income of $15,000 per year or less and have trouble making ends meet, especially with the increasing cost of utilities, services, property taxes, and food. Ms. DeMastus indicated that a committee of the association has been working on this issue and has presented information to the City in support of helping the elderly and disabled.

Councilman Clawson stated that the utility tax exemption issue was discussed at the Utilities Committee meeting last week. He conveyed that the Committee is generally supportive of the idea, and pointed out that the utility tax rate is 6%. Mr. Clawson reported that the Administration is reviewing the possibility of a rebate for those who already qualify for the senior citizen or disabled rate, and will provide more information and a recommendation to the Utilities Committee. Expressing his support for the rebate, he indicated that the Committee will make a recommendation to Council once they have reviewed more detailed information.

Citizen Comment: Petersen - Utility Tax Exemption, Senior & Disabled Residents

Inez Somerville Petersen, 3306 Lake Washington Blvd. N., #3, Renton, 98056, reported that the utility tax exemption has been an initiative of the Highlands Community Association (HCA), and HCA wants the opportunity to work with the Council on this charitable program that is not only for residents in the Highlands, but for the entire City. Pointing out that the City received $9.8 million last year, and is projected to receive $10.7 million next year in utilities income, Ms. Petersen stated that the maximum amount needed for this program is 2.5%. She relayed that it is the goal of HCA to work with the City using a bottom-up approach, to result in a policy stating that senior or disabled residents who make less than $35,000 per year do not have to pay utility tax.

Citizen Comment: Quesenberry - Utilities Committee Meeting

Rosemary Quesenberry, 3609 SE 18th Ct., Renton, 98058, reminded Council that in 2000, it was she, not the Utilities Committee, that initiated the idea of an automated payment procedure for utility bills. She also pointed out that the suggestion for a utility tax exemption was originated by residents, and not by the Utilities Committee. Ms. Quesenberry expressed her unhappiness with how the Utilities Committee meeting was conducted on March 2nd, saying it was not reflective of how the meetings of the City Council are run. She noted that the Utilities Committee meeting was abruptly ended, and that at Council meetings, people can make comments and ask questions. Ms. Quesenberry submitted a list of recommendations for conducting a successful meeting.

Mayor Keolker stated for the record that Council committee meetings are working committees of the Council, and there is no requirement to take any public testimony at the meetings. She noted that if public testimony is taken, minutes also have to be taken.

Councilman Clawson explained that time is limited at committee meetings, and pointed out that at the aforementioned Utilities Committee meeting, public comment was taken for ten minutes beyond the scheduled meeting ending time. He stated that citizens can contact Council or staff with additional comments via e-mail, telephone, and mail. Mr. Clawson also noted the importance of staying on topic, as the committee meeting agendas are publicly announced. He apologized if anyone was offended, and said he appreciated Ms. Quesenberry's constructive comments.
