CALL TO ORDER
Mayor Jesse Tanner led the Pledge of Allegiance to the flag and called the meeting of the Renton City Council to order.

ROLL CALL OF COUNCILMEMBERS
TONI NELSON, Council President; DAN CLAWSON; TERRI BRIERE; KING PARKER; DON PERSSON; RANDY CORMAN. MOVED BY NELSON, SECONDED BY CORMAN, COUNCIL EXCUSE ABSENT COUNCILWOMAN KATHY KEOLKER-WHEELER. CARRIED.

CITY STAFF IN ATTENDANCE
JESSE TANNER, Mayor; JAY COVINGTON, Chief Administrative Officer; LAWRENCE J. WARREN, City Attorney; BONNIE WALTON, City Clerk; GREGG ZIMMERMAN, Planning/Building/Public Works Administrator; LESLIE BETLACH, Parks Director; JENNIFER TOTH HENNING, Principal Planner; LESLEY NISHIHIRA, Senior Planner; JASON JORDAN, Associate Planner; DEREK TODD, Assistant to the CAO; CYNDIE PARKS, Community Program Coordinator; COMMANDER ROBERT SEELYE, Police Department.

PROCLAMATION
Mental Health Month – May, 2002
A proclamation by Mayor Tanner was read declaring the month of May, 2002, to be "Mental Health Month" in the City of Renton, and calling upon all Renton citizens, government agencies, public and private institutions, businesses, and schools to recommit the community to increasing awareness and understanding of mental illness and the need for appropriate and accessible services for all people with mental illnesses. MOVED BY PARKER, SECONDED BY PERSSON, COUNCIL CONCUR IN THE PROCLAMATION AS READ. CARRIED.

Peggy Moll accepted the proclamation on behalf of Valley Cities Counseling and Consultation and other human service organizations. She stated that mental health matters to the health and security of the Renton community and thanked the Mayor and Council for their generous support of human services.

SPECIAL PRESENTATION
Police: Volunteer Recognition
Community Program Coordinator Cyndie Parks presented the Volunteer Excellence Award to Police Department volunteer Larry Yates. Ms. Parks praised Mr. Yates for his 1500 hours of service, and described his contributions as the vacation house check volunteer which entails checking the homes of residents while they are on vacation to ensure that their property is safe and intact.

Councilman Persson reported that he has received many positive comments about the vacation house check program, and he commended Mr. Yates for his service.

PUBLIC HEARING
Development Services: Fence Height Regulations
This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Tanner opened the public hearing to consider potential revisions to the maximum residential fence height regulations established in Title 4 of Renton City Code.

Jason Jordan, Associate Planner, outlined the current fence height regulations for interior and corner lots, and reviewed the definition of the clear vision area as the area bounded by the street property lines of corner lots and a line joining points along said street lines 20 feet from their point of intersection. He pointed out that the maximum fence height in the clear vision area is 42 inches.
Reporting that the City has received numerous fence height violation complaints, Mr. Jordan stated that residents have asked for clarity and equity within the fence height regulations.

Continuing, Mr. Jordan stated that staff recommends amending the maximum residential fence height regulations to allow fences up to a maximum height of 72 inches, except for portions of the fences located within the clear vision area, regardless of their proximity to a public street. He concluded by saying that residential fences are not subject to building permit review; therefore, the revisions would provide residents with regulations that are more equitable and understandable. The revisions would also provide City code enforcement staff with more easily enforceable maximum fence height regulations.

Responding to Councilwoman Briere's inquiry, Mr. Jordan confirmed that the proposed 72-inch residential maximum fence height applies everywhere except for clear vision areas. He noted that a special administrative fence permit is needed to allow 72-inch high fences along an arterial street.

Mayor Tanner recommended that Council approve revising City Code to allow fence heights up to 72 inches except in the clear vision areas.

Audience comment was invited.

Terry Sullivan, (mailing address) 1420 NW Gilman Blvd., #2151, Issaquah, 98027, stated that he lives in the Orchards development in Renton and expressed his concern that nearby 72-inch high fences create a hazard when he backs out of his driveway. He said that he is not against allowing 72-inch high fences; however, care needs to be taken as to where they are allowed and not allowed. Mr. Sullivan reviewed the issues that concern him regarding the fence heights, including the safety and visibility considerations of the fence height and distance from driveways.

Mr. Sullivan displayed photographs depicting different views of his driveway and the street showing the limited sight distance as a result of neighboring fences. He expressed his concern for the safety of bicyclists, rollerbladers and others because of the limited sight distances created by high fences.

Responding to Mr. Sullivan's comment about enforcement of the clear vision areas, City Attorney Larry Warren stated that the City has police power to enforce clear vision area regulations when public safety is involved.

Councilman Corman suggested that the City consider applying clear vision area regulations to driveways as well as to streets.

Continuing, Mr. Sullivan showed a diagram of his home and driveway, and his neighbor's fence line. He suggested that the City reconsider the side yard heights, and phrase the ordinance so that clear vision area issues are addressed in order to ensure public safety. Mayor Tanner assured Mr. Sullivan that public safety is the City's primary concern, and reiterated his recommendation to permit 72-inch high fences as long as sight distance is not impaired.

Mayor Tanner stated that this matter has been referred to Planning and Development Committee, and he asked that Mr. Sullivan be notified when the Committee is scheduled to discuss it.

There being no further audience comment, it was MOVED BY PARKER, SECONDED BY PERSSON, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED.
Derek Todd, Assistant to the Chief Administrative Officer, reviewed a written administrative report summarizing the City’s recent progress towards goals and work programs adopted as part of its business plan for 2002 and beyond. Items noted included:

- The Renton-Cuautla Sister City Committee is sending a delegation to visit Cuautla, Jalisco, Mexico, from July 15th through July 22nd.
- The Human Services Division recently updated the Renton Community Resource Directory, which is now available in English, Russian, Korean, Spanish and Vietnamese.
- As part of the five-year capital replacement plan, the Community Center installed new weight room equipment to replace the existing twelve-year-old equipment.
- The City received and conditionally approved an aquifer protection closure permit application for the Texaco Star Mart located at 1017 Bronson Way S. The permit indicates the owner's (Equilon Enterprises) intent to close the facility and remove the entire product fueling system by 10/13/2002, as required by the Aquifer Protection Ordinance. In conjunction with the closure and relocation of the Stoneway Concrete batch plant by that same date, both of the major sources of hazardous materials within Zone 1 of the Aquifer Protection Area will have been removed by the date required by the ordinance. This represents a major success of the ordinance in protecting the City's drinking water supply.

Mayor Tanner commented on the Aquifer Protection Ordinance, saying that the two businesses that are closing are the only two that have ever contaminated Renton's aquifer. He stated that the closure and relocation of the businesses is a major success. Councilman Parker acknowledged the City's assistance in aiding the businesses to relocate.

Planning/Building/Public Works Administrator Gregg Zimmerman gave a briefing on the Tri-County (King, Snohomish, Pierce) Executives' proposed Regional Transportation Plan. He explained that the State Legislature put forward two transportation bills, one being the Statewide Transportation Plan, and the other being the formation of Regional Transportation Investment Districts. The formation of the districts allows groups of counties to develop lists of transportation projects that are regionally important but will not be covered by the Statewide Transportation Plan. Mr. Zimmerman indicated that the Regional Transportation Plan is expected to go on the ballot in November, along with the Statewide Transportation Plan.

Mr. Zimmerman reported that City staff has reviewed the Tri-County Executives' plan and described the projects and the taxes proposed in the plan. A significant portion of the improvements in King County would be for transit/HOV improvements ($2.9 billion compared to $4.6 billion for roadway improvements). An additional $4.8 billion for roadway improvements could be gained by introducing tolls at the Alaskan Way Viaduct, the I-405 Corridor, and the SR-520 Translake Corridor. He indicated that without tolls, the contribution for the I-405 Corridor would be approximately $1 billion to $1.45 billion. Mr. Zimmerman pointed out that in combination with the $1.7 billion for the I-405 Corridor in the Statewide Transportation Plan, the two plans
May 6, 2002 Renton City Council Minutes Page 161
together, if approved by the voters, would result in $2.7 to $3.2 billion for the I-405 project. He stated that this is significantly less than the estimated $8 billion needed to construct the project.

Continuing, Mr. Zimmerman indicated that City staff believes that more money is needed in the proposed Regional Transportation Plan for the I-405 Corridor and less for transit options. He also expressed concern about the toll proposal, and the inclusion of the Burlington Northern Santa Fe (BNSF) Railroad right-of-way preservation. Per discussion of the proposal with Ron Postuma of the King County Department of Transportation, Mr. Zimmerman stated that King County is interested in input from jurisdictions and is prepared to discuss the proposal with sub-area transportation groups. He said he was advised that the best way for the City to provide input regarding the proposal is through the sub-area transportation groups or through King County Councilmembers.

Councilman Parker noted that two out of the three counties must approve the proposed plan before it can go before the voters.

Councilman Corman expressed his disappointment with the proposed Regional Transportation Plan, especially with regards to the I-405 Corridor. Councilman Persson stated that the proposed plan is unacceptable and asked if the Council can go on record as opposing the proposal. Mayor Tanner recommended that the Council take a position on the matter.

Councilman Clawson also expressed his disappointment with the proposal. He suggested that the City continue to review the proposed plan and make every effort to try to change it via the sub-area transportation groups.

Stating that it will be interesting to learn what is discussed about the proposal in the upcoming sub-area transportation committee meetings, it was MOVED BY PARKER, SECONDED BY CORMAN, COUNCIL REFER THE TRICOUNTY EXECUTIVES' PROPOSED REGIONAL TRANSPORTATION PLAN TO THE COMMITTEE OF THE WHOLE. CARRIED.

explained that the City is waiting for a cost estimate to repair the doors and then
will proceed with those repairs, as well as with the other needed building
repairs.

Planning & Development Committee

Planning: Development Regulations (Title 4) Revisions

Planning and Development Committee Vice Chair Briere presented a report
regarding the proposed 2001 Title 4 (Development Regulations) revisions to
zoning interpretations, use table, use notes and related City Code amendments.
The Committee reviewed the proposed 2001 Title 4 policy docket items on
April 4, and April 8, 2002. Issues raised by the Committee were as follows:

A. Reference: RMC 4-2-120A – Consistency of residential zone lists. Issue:
Found a Code section where abutting and adjacent landscaping width is
treated differently by zone. Resolution: Corrected error and double-
checked other Code sections to ensure consistency in treating abutting and
adjacent to residential zones.

B. Reference: RMC 4-2-110F – Nonconforming issue paper. Issue:
Language currently only discusses meeting development standards and
critical area regulations. Resolution: Add catch-all language that says
must meet all applicable City Codes for development of lot.

C. Reference: Nonconforming issue paper. Issue: Wanted clarity for what
the 50% assessed value applies to (structure?) and at what point the
assessment is taken to judge conformance or nonconformance. Resolution:
Review of existing language finds that these issues are taken care of in
several places (RMC 4-9-120A, RMC 4-10-050A.3.b., RMC 4-10-
050A.5.b.). No change is proposed since existing language covers
structures and uses, and is based upon most recent assessment on property
prior to damage.
D. **Reference**: Lighting issue paper – proposed RMC 4-4-075E.3. **Issue**: Committee asked if park lights currently purchased meet the regulations as written. **Resolution**: Parks Director stated that park lights do not meet the standards proposed. Ask for parks, trails, and golf course to be placed in the Exemption section since this would create a hardship and safety hazard to people playing sports. Moved parks line to Exemption section.

The following items are recommended to be added to the Title 4 amendment ordinance:

1. RMC 4-4-080 Amendments: Parking Requirements Table
2. Title 4, Chapter 2, Screening
3. Title 4, Chapters 2 and 4, Green River Valley Landscaping
4. Consistency of Residential Zone Lists to Apply Stricter Development Standards, as modified in Committee (see A. on previous page)
5. Title 4, Chapter 10, Nonconforming Uses, as modified in Committee (see B. and C. on previous page)
6. Title 4, Chapter 2, Effective Date of Regulations
7. Title 4, Chapter 2, Setbacks
8. Title 4, Chapter 4, Lighting Standards (see D. above)

The amendments pertaining to Title 6 (Police Regulations) of the Renton Municipal Code have been separated from the overall Title 4 ordinance for reporting purposes. The Committee further recommended that both the Title 4 ordinance and the companion Title 6 ordinance be presented for first reading. **MOVED BY BRIERE, SECONDED BY PARKER, COUNCIL CONCUR IN THE COMMITTEE REPORT.**

Councilman Corman commended the Committee for all of their work on this matter.

*MOTION CARRIED. (See page 166 for ordinances.)

**Utilities Committee**  
Utility: Parkway Townhomes  
Water Quality  

Utilities Committee Chair Briere presented a report regarding the Parkway Townhomes water quality. The Committee was briefed on the issue and recommended that no action be taken at this time. **MOVED BY BRIERE, SECONDED BY PERSSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED.**

**Community Services Committee**  
Community Services: Off-Leash Dog Park, South King County (SeaTac)  

Community Services Committee Chair Corman presented a report regarding the proposed South King County off-leash dog park. The Committee recommended concurrence in the staff recommendation that the City of Renton continue participating on the South King County Task Force for the development of the South King County off-leash area dog park.

The Committee further recommended that the City not commit funding for the development, maintenance and operations of the South King County off-leash area dog park at this time. Since there is currently no consideration to place an off-leash facility within City limits, the Committee further recommended that this item be removed from the Public Safety Committee at this time. **MOVED BY CORMAN, SECONDED BY PERSSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED.**
Community Services Committee Chair Corman presented a report recommending concurrence in the staff recommendation to not pursue the acquisition of the Springbrook Trout Farm for a future recreation area. The Committee further recommended that the Parks Director be authorized to address a letter to the sales associate representing the owners of the Springbrook Trout Farm reflecting the City's decision. MOVED BY CORMAN, SECONDED BY CLAWSON, COUNCIL CONCUR IN THE COMMITTEE REPORT.*

Responding to Councilman Parker's inquiry regarding the Committee's decision, Councilman Corman explained that the City owns undeveloped park property adjacent to the Springbrook Trout Farm property, and there is a plan for development of the property. He stated that there are also environmental issues related to the creek located on the Springbrook Trout Farm property, and restoration of the creek would be expensive.

*MOTION CARRIED.

EDNSP: 2002 Neighborhood Grant Program

Community Services Committee Chair Corman presented a report regarding the 2002 neighborhood grant applications. The Committee reviewed funding for the following grant applications on May 6, 2002.

a) The Committee recommended approval of the following capital grant applications:

1. Honey Creek Ridge Homeowners Association – Colorful plantings in neighborhood traffic circles. ($781.88)
2. Tiffany Park Homeowners Association – Beautification of neighborhood traffic circles and park. ($2,000)
3. North Renton Neighborhood Association – Beautification of neighborhood traffic circles. ($409.22)
4. Highbury Park Homeowners Association – One large neighborhood identification sign to be located at the neighborhood center/common area and five smaller signs of similar design at several locations along the periphery of the neighborhood. ($3,558)
5. Summerwind Homeowners Association – Neighborhood park upgrades project, which includes replacement of two picnic tables and several bushes within the neighborhood. ($1,360)
6. Highlands Community Association – Entrance sign into the Highlands community. ($4,890)

b) The Committee also recommended approval of funding for the following administrative newsletter applications:

1. North Renton Neighborhood Association – Annual printing expenses for a monthly newsletter. Newsletters are hand delivered. ($939)
2. Highbury Park Homeowners Association – Annual printing expenses for a newsletter printed and hand delivered twice a year. ($80)
3. Summerwind Homeowners Association – Annual printing and postal expenses for a quarterly newsletter. ($279)
4. Kennydale Neighborhood Association – Annual printing and postal expenses for a quarterly newsletter. ($1,500)
c) The Committee recommended denial of funding for the following project applications, as they do not currently meet the criteria of the Neighborhood Program:

1. Summerwind Homeowners Association – Removal of six large maple trees that line NE Sunset Blvd. and Field Ave. NE on private property at the Sunset entrance into the Summerwind neighborhood.

2. Renton Hill Community Association – Traffic circle rehabilitation located on the cul-de-sac at the east end of SE 7th St.

d) The Committee recommended denial of funding for the following administrative (newsletter) application, as it does not currently meet the criteria of the Neighborhood Program:

1. Honey Creek Ridge Homeowners Association – Interactive website and computer to build and host it in a private residence.

The Committee further recommended that a Special Presentation be held on May 20, 2002, to award the grant certificates to the grant recipients.*

Councilman Corman stated that the Committee discussed the applications that were denied at length and encouraged those neighborhood groups to reshape their projects and apply again for the second round of the 2002 neighborhood project funding.

*MOVED BY CORMAN, SECONDED BY PERSSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED.
