Steve Anderson, Museum Supervisor, presented the Longacres Race Track exhibit which will be displayed in the City Hall Lobby for approximately four to five months. He explained that eight exhibits will be displayed throughout the community, each containing items relating to Renton’s history. Mr. Anderson thanked King County, Dunn Lumber, and the US Bank Foundation for their support in producing the exhibits.

PUBLIC HEARINGS
Human Services: 2000 CDBG Funds Reallocation & 2001 CDBG Funding
This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Tanner opened the public hearing to consider the reallocation of 2000 Community Development Block Grant (CDBG) capital funds and the 2001 funding recommendations for CDBG funds.

Karen Marshall, Human Services Manager, recommended that $6,000 of the 2000 CDBG funds, originally allocated to Domestic Abuse Women’s Network, be reallocated to the Avalon Way Mutual Housing Project.

Continuing, Ms. Marshall reported that the City of Renton will receive an estimated $58,249 in CDBG public service funds and $248,980 in CDBG capital funds. She said the Human Services Advisory Committee recommended that the 2001 CDBG funds be distributed as follows:

CDBG Public Services:
$11,500 to Communities in Schools of Renton
$12,249 to Community Health Centers of King County
$10,000 to Domestic Abuse Women’s Network Services
$8,500 to ElderHealth NW/Connection
$10,000 to Emergency Feeding Program
$6,000 Visiting Nurse Services of the Northwest

CDBG Capital Requests:

$19,000 to Hearing, Speech and Deafness Center
$168,000 to City of Renton Minor Housing Repair
$21,980 to YWCA
$40,000 to King County Major Housing Repair

Ms. Marshall explained that as part of the funding recommendations, a contingency plan must also be adopted. If there is an increase or decrease in CDBG public service funding, the Human Services Advisory Committee recommended that the amount of the increase or decrease be apportioned among all funded agencies equally. Ms. Marshall explained that for CDBG capital funding, the Committee recommended that any increase in capital funding (up to $20,000) be allocated to the St. Stephens Transitional Housing project. She noted that the City has received additional money to fund this project.

Continuing, Ms. Marshall reported that according to the contingency plan, if there is a decrease in CDBG capital funding the Committee recommended the allocation to King County Housing Repair Program be decreased to $25,000. If additional reductions are required, funding for the Renton Housing Repair Assistance Program shall be reduced to the extent necessary to cover the decrease in funds, but in no event shall exceed 10% of the allocation. In conclusion, Ms. Marshall said the contingency plan’s final provision states that if all funds not be expended for the Biological Review Panel’s charges for ESA Section 7 review, those funds shall be reallocated to the Renton Housing Repair Assistance program. She explained that $4000 of the Hearing Speech and Deafness Center amount is to cover costs of the Biological Review Panel’s charges and $1,500 of the amount allocated to the YWCA is to cover the costs of the ESA review.

Responding to Councilmember Keolker-Wheeler’s inquiry, Ms. Marshall said the reduction in funding for the Domestic Abuse Women’s Network from $16,178 in 2000 to $10,000 in 2001 was due to management problems that the agency has been experiencing over the past year. Explaining that in light of these problems, Ms. Marshall said the Human Services Advisory Committee chose to direct some funds to other agencies.

Public comment was invited.

Allison Feher, representing Senior Services of Seattle-King County, 1601 2nd Ave. #600, Seattle, 98101, said that the Human Services Advisory Committee had expressed concern regarding the location of the Senior Services facility and had questioned how the agency would serve the citizens of Renton. Explaining that although the agency is located in downtown Seattle, Ms. Feher said it provides services that do not necessarily require clients to go to the agency’s office to obtain them. She noted that Meals on Wheels and Volunteer Transportation are two such services. Ms. Feher emphasized that the agency’s plans to build and own a building will help stabilize costs so that more money can be directed to its various programs.

Responding to Councilmember Keolker-Wheeler, Ms. Feher explained that the
Senior Services office in Seattle is centrally located and easy to get to by public transportation. She pointed out that over 1300 Renton residents were served by the agency in 1999.

Linda Rasmussen, Regional Director for the South King County branch of the YWCA, 1010 S. 2nd St., Renton, 98055, expressed appreciation for the recommended funding for the renovation of the building the YWCA recently purchased in Renton.

MOVED BY PARKER, SECONDED BY PERSSON, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED. (See page 279 for the Community Services Committee report on this subject.)

Human Services: Local Law Enforcement Block Grant (LLEBG), 1999 Funds

This being the date set and proper notices having been posted and published in accordance with local and State laws, Mayor Tanner opened the public hearing to consider the 1999 Local Law Enforcement Block Grant (LLEBG) funds.

Karen Marshall, Human Services Manager, stated that the 1999 LLEBG grant is in the amount of $59,578 and the City is required to match 10% for a total of $66,198. She said the City has two years to spend the funds once received. Explaining that funds have been used for the domestic violence Victim Court Advocate since 1996, Ms. Marshall described the Victim Court Advocate’s duties which include assisting in the prosecution of persons charged with domestic violence related crimes. In conclusion, Ms. Marshall said the recommendation is to continue using the LLEBG funds for the salary and benefits of the Victim Court Advocate.

Public comment was invited. There being none, it was MOVED BY NELSON, SECONDED BY PARKER, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED.

Citizen Comment: Richter – North Renton Neighborhood Picnic
Marjorie Richter, 300 Meadow Ave. N., Renton, 98055, commented on how well the City’s neighborhood program is working by reporting that the North Renton Neighborhood’s 2nd annual picnic was a success. She also praised the Police Department’s efforts in conducting the National Night Out community event, and encouraged the Mayor and Council to continue this program. In conclusion, Ms. Richter announced that a fundraiser for the Veteran’s Memorial Park will be held on August 13th.

Mayo Tanner noted that a historical sign painted on the building next to Veteran’s Memorial Park has deteriorated. He requested that the Parks Department take measures to protect it.

Everett Wilcock, 11830 164th Ave. SE, Renton, 98057, expressed his opinion that the postcards recently sent by the City to King County residents regarding the proposed King County high density zoning were inflammatory. He expressed concern with the City’s position on the proposed King County R-48 zoning, and supported the position taken by the King County Executive which he felt would streamline the rezoning process in King County.

Mayor Tanner said that the City is working cooperatively with King County to achieve a modification of its Comprehensive Plan that will permit growth in the area without overwhelming the infrastructure and facilities such as parks and the senior center.

### CORRESPONDENCE

**Citizen Comment:**
Fredericksen – Sunset Cooperative Preschool, Conditional Use Fee Waiver Request

Electronic mail was read from Mark Fredericksen, Secretary of the Board, Sunset Cooperative Preschool, 3009 Park Ave. N., Renton, 98056, requesting waiver of $2000 conditional use permit fee.

Councilman Corman commented that although a fee waiver was asked for, another issue arises regarding City Code language relating to allowing churches to operate preschools without requiring a conditional use permit.

Rebecca Lind, Principal Planner, explained that the Church itself requires a...
conditional use permit and the preschool would fall under that same conditional use permit. If it were a new activity, the existing conditional use permit would have to be amended.

City Attorney Larry Warren pointed out this topic is a source of constitutional litigation throughout the country. He encouraged Council to consider the constitutional implications before any decisions are made regarding this matter.

MOVED BY KEOLKER-WHEELER, SECONDED BY CORMAN, COUNCIL REFER THE CONDITIONAL USE PERMIT FEE WAIVER REQUEST TO THE FINANCE COMMITTEE AND THE SUBJECT OF CONDITIONAL USE PERMITS FOR CHURCHES TO THE PLANNING & DEVELOPMENT COMMITTEE.*

Larry Warren said current case law states that if a Church can show that it cannot pay for processing a conditional use permit, the government has to consider waiving that fee. He commented that waiving the fee may set precedence, but turning down the fee waiver request without some analysis may also cause legal problems.

MOVED BY PARKER, SECONDED BY NELSON, COUNCIL CONCUR IN THE COMMITTEE REPORT.*

Responding to Councilmember Keolker-Wheeler’s question regarding raising the position from a Grade 05 to a Grade 06, Mayor Tanner said that the Human Resource Department recommended the Grade 05 position level.

Councilmember Keolker-Wheeler expressed concern that if a person is hired at the Step E salary level, that person has no room for growth. She requested that the Human Resources Department review the language on job announcements which lists the entire salary range (Step A to E).

Planning: Center Downtown
Bulk Parking

Planning & Development Committee Chair Keolker-Wheeler presented a report regarding the Center Downtown Bulk, Landscaping, and Parking Development Regulations. The Committee reviewed the proposed Center Downtown code amendments, proposed parking code amendments and housekeeping amendments in the Center Office Residential (COR), Commercial Office (CO), and Residential Multi-family Urban (RM-U) zones.

The Committee recommended that the proposed amendments be split into two separate ordinances, the first addressing the amendments to setbacks and landscaping in the Center Downtown (CD) Zone, and the Parking section of Title IV. The second ordinance would address housekeeping amendments in the Center Downtown (CD), Commercial Office (CO), and Center Office Residential (COR) Zones.

In the Center Downtown development regulations, the Planning & Development Committee modified the building bulk through setback requirements, landscaping, and parking standards in order to encourage a more urban style of development in Renton’s downtown and to allow for more urban parking standards. The Committee further recommended that Council approve the Center Downtown setback and landscaping amendments and parking amendments as shown on the draft dated July 31, 2000.

The housekeeping amendments in the CD, CO and COR zones are being placed in the year 2001 housekeeping amendment process. These amendments will be considered at that time.

MOVED BY KEOLKER-WHEELER, SECONDED BY, COUNCIL CONCUR IN THE COMMITTEE REPORT.*

Responding to Council inquiry, Principal Planner Rebecca Lind clarified that only the Center Downtown (CD) Zone parking has been addressed; Citywide parking standards will be reviewed under the housekeeping amendments. She explained that the requirements for the number and size of the parking stalls allowed under the CD Zone have been changed. Councilmember Keolker-Wheeler pointed out that the number of resident and guest spaces will be 1.8 spaces per three bedroom or larger dwelling unit, 1.6 spaces per two bedroom dwelling unit, and 1.2 parking spaces per one bedroom or studio dwelling unit.

*MOTION CARRIED. (See page 280 for ordinance.)

Councilmember Keolker-Wheeler expressed her thanks to Rebecca Lind and Owen Dennison, Senior Planner for all their hard work on these issues.
COMMUNITY SERVICES COMMITTEE
Human Services: 2000 CDBG Funds Reallocation & 2001 CDBG Funding

Community Services Committee Chair Nelson presented a report regarding the reallocation of 2000 Community Development Block Grant (CDBG) funds and 2001 funding recommendations for CDBG. The Committee recommended concurrence with the Human Services Advisory Committee that $6,000 in 2000 CDBG capital funds be reallocated to Avalon Way Mutual Housing Project.

The conditions under which general funding should be awarded are:

- **Renton Clothes Bank**
  The City of Renton is the primary funding source for the Clothes Bank. To enhance the working relationship with the Clothes Bank, the Human Services Advisory Committee desires representation on the Board. They are seeking a voting seat. Frequently, major contributors to organizations do have representation on the Boards, so this is not an unusual request.

- **Hearing Speech and Deafness Center**
  - Commitment of other capital funds needed to complete the project.
  - No tenants will be displaced in their building.

- **YWCA**
  - Renton CDBG funds must be expended by December 31, 2002.

The Committee recommended concurrence with the staff recommendation that the 2001 CDBG funds be distributed according to the Human Services Advisory Committee recommendations. (See page 272 for a listing of the 2001 CDBG funds distribution.)

The Committee further recommended concurrence with the CDBG contingency funding plan. (See page 273 for the contingency funding plan’s provisions.)
