AUDIENCE COMMENT
Citizen Comment: Nollner – Kirkland Court Plat (Extension of Fence to Neighboring Residences), FP-99-152
Michelle Nollner, 2020 Kirkland Pl. NE, Renton, 98056, said in connection with the new Kirkland Court final plat near her home, a survey was taken of the public right-of-way abutting the existing homes on Kirkland Pl. NE. The survey determined that the City’s right-of-way is 60 feet, a distance which extends significantly into existing yards and driveways. Noting that the public right-of-way for the new plat development is only 42 feet, she asked that the right-of-way in front of her home be reduced to the same length. Ms. Nollner also asked that the City install speed bumps and sidewalks in this area.
MOVED BY PARKER, SECONDED BY SCHLITZER, COUNCIL REFER THIS MATTER TO THE ADMINISTRATION. CARRIED.

Council President Corman noted that although the right-of-way may be 60 feet in front of Ms. Nollner’s home, this road will probably never be widened beyond its current 42 feet. Councilman Schiltzer agreed that the new road extension will serve a cul-de-sac and not constitute a major arterial.

Paul Greising, 2010 Kirkland Pl. NE, Renton, 98056, explained that he and his neighbors are concerned about how far the public right-of-way intrudes into their properties because the builder of Kirkland Court has offered to construct a fence in front of their homes along the property boundary.

Geri Greising, 2010 Kirkland Pl. NE, Renton, 98056, added that if the right-of-way was changed from 60 feet to 42 feet, the fence could be constructed on the new boundary line rather than in their front yards. She said the builder did not share his reason for wanting this fence.

Items on the consent agenda are adopted by one motion which follows the listing.

Development Services Division recommended approval of the Stafford Crest Division 2 final plat; 49 single family lots on 10.3 acres located in the vicinity of NE 36th St. and Lincoln Avenue NE (FP-99-180). Council concur. (See page 106 for resolution.)

Human Resources & Risk Management Department recommended an amendment to City Policy & Procedure #300-60, Classification Series, to create a Recreation Specialist series in the Community Services Department and a Planning Technician series in the Economic Development, Neighborhoods and Strategic Planning Department. Refer to Finance Committee.

Transportation Systems Division recommended increasing the lease rate for the City’s T-hangars from $169.26 per month to $225 per month, including leasehold tax. Refer to Transportation (Aviation) Committee.

Water Utility Division submitted CAG-99-078, Emergency Power Upgrades to Water Pump Stations; and recommended approval of the project, authorization for final pay estimate in the amount of $4,219.58, commencement of 60-day lien period, and release of retained amount of $4,934.19 to JR Electric, Inc., contractor, if all required releases are obtained. Council concur.

MOVED BY CORMAN, SECONDED BY PERSSON, COUNCIL APPROVE THE CONSENT AGENDA AS PRESENTED. CARRIED.

Correspondence was read from Bradley K. Hughes, General Manager, Labrador Ventures, LLC, PO Box 3344, Kirkland, 98083, requesting that the City allow rolled curbs to be installed in the Labrador Ventures preliminary plat located in the 2700 block of Lake Washington Blvd., rather than standard vertical curbs.

Councilmember Keolker-Wheeler requested information from the Administration regarding Council’s authority to act on this request.

Correspondence was read from Marleen Mandt, 1406 N. 28th St., Renton, 98056, commenting that the City has just installed new standard (vertical curb) sidewalks on N. 30th, Park Ave. and N. 28th St. in the Kennydale neighborhood. She felt that all new sidewalks should be consistent in
appearance in this area, and asked that the Kennydale Neighborhood Association be given an opportunity to review any change in City Code which would allow rolled curbs.

**Police: Valley Communications Center, Interlocal Agreement**

Public Safety Committee Chair Schlitzer presented a report recommending that the Mayor sign the new Valley Communications Center interlocal agreement. The cities of Auburn, Kent, Tukwila and Renton have had a long relationship in providing emergency dispatch jointly in an organization known as Valley Communications. Over the past year, the City of Federal Way has negotiated
with the cities to become a full partner in Valley Communications. The board of Valley Communications, made up of the mayors of the four cities, has agreed to include Federal Way. This interlocal agreement expands ownership to now include five cities: Federal Way, Kent, Auburn, Renton and Tukwila. In addition, the agreement updates laws and regulations from the original agreement. It also notes the original four members of the center solely own the assets of the current communications center. However, all five members will jointly own and operate the new center. MOVED BY SCHLITZER, SECONDED BY PARKER, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED. (See later this page for resolution.)

Police: Valley Communications Center, Creation of PDA

Public Safety Committee Chair Schlitzer presented a report recommending adoption of an ordinance that approves the City of Kent’s creation of a Public Development Authority (PDA). The PDA’s sole purpose is the issuance and payment of the debt on a $15 million communications center. The ordinance states that the City of Renton will be a full partner with the cities of Kent, Tukwila, Auburn and Federal Way in paying for the debt for a new center. The debt will be paid equally among the five cities. Any contract agencies will also pay a portion of the debt. MOVED BY SCHLITZER, SECONDED BY PARKER, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED. (See later this page for ordinance.)

Ordinance #4835
Planning: Critical Areas Ordinance
An ordinance was read amending Title 4 (Development Regulations) of City Code relating to the Critical Areas Ordinance. MOVED BY KEOLKER-WHEELER, SECONDED BY NELSON, COUNCIL ADOPT THE
Councilmember Keolker-Wheeler thanked the following people for contributing to the development and passage of the Critical Areas Ordinance: Susan Carlson, Senior Planner Owen Dennison, Lisa Grueter (no longer employed by the City), Senior Planner Rob Jenkins, Mike Kattermann (no longer employed by the City), Senior Planner Rebecca Lind, Economic Development Director Betty Nokes, Development Services Director Jana Hanson, Jim Hanson (retired from the City), Principal Planner Jennifer Henning, Civil Engineer Bob Mahn, Senior Planner Laureen Nicolay, Senior Planner Peter Rosen, Utility Engineering Supervisor Ron Straka, Plan Review Supervisor Neil Watts, Planning/Building/Public Works Administrator Gregg Zimmerman, Parks Director Leslie Betlach, Battalion Chief Chuck Duffy, Assistant Fire Marshall Jim Gray, Councilmen Tim Schlitzer and Dan Clawson, and members of the Planning Commission.

Brad Hughes, 1323 N. 28th Pl., Renton, 98056, explained the request from Labrador Ventures for rolled curbs in the new Clover Creek development on Lake Washington Boulevard. Mr. Hughes said rolled curbs would be better for pedestrians, particularly those pushing strollers or those who are visually impaired. He did not believe that conformance with the rest of the neighborhood’s appearance would be a problem, since lower Kennydale did not have any sidewalks until last year, and only three streets have them now.

Ralph Evans, 3306 NE 11th Pl., Renton, 98056, expressed concern that the signage posted by Cedar Park Apartments on the corner of Monroe Ave. NE and NE 4th St. obscures oncoming traffic from south-bound drivers attempting to make a right-hand turn from Monroe onto NE 4th. Mayor Tanner replied that this problem will be taken care of.

Mayor Tanner reiterated that the Administration will look into this request.

The meeting was reconvened at 8:40 p.m.; roll was called; all Councilmembers present.
