APPROVAL OF COUNCIL MINUTES

MOVED BY PARKER, SECONDED BY CLAWSON, COUNCIL APPROVE THE MINUTES OF OCTOBER 25, 1999 AS PRESENTED. CARRIED.

PUBLIC HEARING

Finance: 2000 Budget, Property Tax Levy Rate and Revenue Sources

The proper notices having been posted and published in accordance with local and State laws, Mayor Tanner opened the public hearing to consider the 2000 property tax levy and rate, and revenue sources for the 2000 Budget.

Victoria Runkle, Finance & Information Services Administrator, explained that the City is proposing to set next year’s property tax levy collections at $15,348,909. Although this is the most the City can collect under the State law which limits property tax collections at 106% of the previous year’s collections, Renton property owners will actually see a decrease in their tax rate, from the current $3.42 per $1,000 of assessed valuation to $3.40. This is because Renton’s assessed valuation continues to grow, and is expected to rise from approximately $4.2 billion this year to $4.5 billion in 2000. Ms. Runkle emphasized that these figures do not include annexations or new construction values.

Council President Parker noted that Council received a highly detailed presentation of this issue during its Committee of the Whole meeting earlier this evening.

Audience comment was invited. There being none, it was MOVED BY PARKER, SECONDED BY NELSON, COUNCIL CLOSE THE PUBLIC HEARING. CARRIED. (See page 390 for legislation.)

ADMINISTRATIVE

Chief Administrative Officer Jay Covington reviewed a written administrative
REPORT

Report summarizing the City’s recent progress towards goals and work programs adopted as part of its business plan for 1999 and beyond. Items noted included:

* The City intends to have the Main Ave. S. construction complete by the end of this month, weather permitting. Exceptions will be the final grinding, pavement overlay and lane marking which will be done next year as the outdoor temperature allows.

* New playground equipment and surfacing have been installed at both Teasdale and Maplewood Parks.

* Over 1000 children and parents attended the Renton Recreation Division’s “Boo Carnival” at the Renton Community Center last Saturday in celebration of Halloween.

AUDIENCE COMMENT

Citizen Comment: Burroughs – Coal Creek Utility District, Proposed Partial Assumption by Bellevue

Blair Burroughs, 4750 Wells Fargo Center, 999 Third Ave., Seattle, representing the Coal Creek Utility District, expressed appreciation for Renton’s opposition to the City of Bellevue’s proposed partial assumption of the utility district. (See page 389 for Council action on this matter.)

Citizen Comment: Steiner – Gambling Tax

Fred Steiner, 111 S. 3rd St., Renton, 98055, the owner of Diamond Lil’s and Freddie’s Club, said that since these two establishments began operating as enhanced card rooms under State law, the gambling taxes he pays to the City of Renton grew from $100,000 to $1.5 million per year. Explaining that running an enhanced card room requires more upfront costs for labor, rent and promotions, he opposed the Administration’s proposal to raise the tax on card room revenues from 10% to 20%, claiming such an increase would amount to half of his net proceeds. Adding that a 20% tax could easily put him out of business in an economic downturn, Mr. Steiner said after reviewing his receipts for the last three years, he came to the conclusion that if he had been taxed at 20% during that entire period, he would not be in business today.

Responding to Council President Parker, Mr. Steiner said although he would not agree to any increase in his tax, a 12% rather than a 20% tax would be, at least, palatable and he probably could absorb it. Mr. Steiner added that a reduction in the pulltab tax from 5% of gross to 10% of net revenues would help soften any increase in the card room tax.

Councilmember Keolker-Wheeler questioned if Mr. Steiner and other card room owners agreed to the 20% tax rate when the State was in the process of approving enhanced card rooms. Mr. Steiner explained that the 20% rate has been in place since 1973. He said no card room owner would accede to being taxed at that rate because no establishment could survive it in any kind of economic downturn.

Citizen Comment: Gevers – Prohibition Against Advertising Parked Vehicles For Sale

Bob Gevers, 900 Kirkland Ave. NE, Renton, 98056, reported that his son, who was visiting him from Tacoma last weekend, received a ticket for parking his vehicle in front of Mr. Gevers’ house with a “For Sale” sign in the window. Expressing surprise that such a law exists, Mr. Gevers said his son has decided to pay the fine because it would be completely inconvenient for him to contest the ticket, which would require that he take time off work to travel to Renton’s Municipal Court and explain the circumstances under which it was issued.

Mr. Gevers asked if his son had any alternative other than paying the ticket or appearing in Municipal Court. Adding that this law was adopted by Renton...
from the Washington Administrative Code (WAC 308.330.436), he suggested that Renton not simply adopt it “as is” but revise it to provide for exceptions in cases such as visiting friends or family members.

Mayor Tanner offered to have the City Attorney contact Mr. Gevers about any possible alternatives.

Saying that Council should consider this law and how it is applied, it was MOVED BY PARKER, SECONDED BY NELSON, COUNCIL REFER THIS MATTER TO THE PUBLIC SAFETY COMMITTEE. CARRIED.

Councilman Edwards inquired if Mr. Gevers can appear in Renton Municipal Court on his son’s behalf. City Attorney Lawrence J. Warren replied that generally, only a lawyer who has been admitted to the Washington State Bar can represent another person in court.

CORRESPONDENCE

Citizen Comment: Fletcher – Issaquah School District Impact Fees

Correspondence was read from Connie Fletcher, School Board President for Issaquah School District No. 411, 565 NW Holly St., Issaquah, 98027, asking that Renton impose any administrative fees charged in addition to the school impact fee on the developer applicant. Ms. Fletcher also requested that Renton reconsider the amount of the impact fee to be charged, since Renton’s $2,792 fee is significantly lower than the $6,131 fee imposed by King County and the other four cities within the district’s boundaries. (See Council action on page 388.)

Citizen Comment: Iszley – Gambling Tax

Correspondence was read from Tim Iszley, President of Silver Dollar Casino, 319 S. 3rd St., Renton, 98055, stating his intention to locate a 20,000 sq.ft. enhanced card room in Renton, although he would reevaluate this plan would the City increases the card room tax as proposed. MOVED BY EDWARDS, SECONDED BY PARKER, COUNCIL REFER THIS LETTER TO THE COMMITTEE OF THE WHOLE. CARRIED.

Executive: 2000 Budget, Revenues and Expenditures

A memorandum from Mayor Jesse Tanner to the Renton City Council and citizens of Renton was read, responding to discussion at last week’s Committee of the Whole meeting. The memo stated that Councilmember Keolker-Wheeler had intimated that the Administration was seeking to be bailed out of financial difficulty, and said she had compared this situation to 1993 when the previous Administration could neither fund capital improvement projects nor even make payroll expenditures.

Mayor Tanner emphasized that every project approved during his tenure of 1996 through 1999 has been fully funded and has come in at or under budget. Saying that Councilmember Keolker-Wheeler intimated that the Mayor’s proposed 2000 budget was somehow a breach of faith with the Council, he said every project proposed in the CIP will implement the goals and strategies established by Council in partnership with the Administration. He added that every project proposed for next year is fully funded, with the exception of a skateboard park which is not included in his proposed budget. The mayor explained that if Council chooses not to increase the tax on card room revenues as he has proposed, the only result will be that some future projects will be delayed until the City accrues sufficient funds with which to accomplish them.

Referring to a statement made by Councilmember Keolker-Wheeler regarding the Pavilion building, Mayor Tanner said this project is funded in the 2000 budget. He added that the reason the Pavilion was not well underway at this time was due to Council blockage of the project.

Mayor Tanner concluded that his record of accomplishments is clear and his administration of the affairs of the City has been exemplary. He emphasized that not once has he called upon Council to bail him out of financial difficulty, nor did he have any intention of doing so in the future.

Councilmember Keolker-Wheeler expressed shock that the mayor would put such a memo forward. She said Council set aside funds for the piazza project, not the Pavilion building, explaining this was done because the citizens promoting the piazza felt that the Administration was not paying attention to what they wanted for this project. Disputing that Council has blocked the
pavilion project, she said that it simply wants a reasonable amount of information on this facility and its potential uses so it can determine how it will best be used in both the long- and the short-term.

At Mayor Tanner’s request, Finance & Information Services Administrator Victoria Runkle confirmed that the City placed $1 million in reserve last year for the Pavilion building, at Council’s direction.

Mayor Tanner added that he has had several conversations with Council President Parker on the Pavilion building in an attempt to have Council fund improvements to this facility. He added that studies have already been performed, one of which concluded that the building should be used for an art school and art studio rentals. Another study suggested that it be used for a community conference center and exhibition hall.

On another subject, Mayor Tanner stated that his proposed 2000 budget is not at all dependent on whether the card room tax is raised from 10% to 20%, but is fully funded even without this increase. Additionally, fund balances exist in both the General Fund and in Fund 316 which Council can appropriate for a skateboard park, if it so chooses.

Responding to Council President Parker, Ms. Runkle referred to table 2-16 in the budget, which shows a dedication of $1.5 million in property tax revenues which is proposed to be spent on improvements to the Pavilion building (in addition to the $800,000 already in reserve for this project). Ms. Runkle added that the operating side of the budget can absolutely be balanced without an increase in the card room tax.

Council President Parker invited Councilmember Keolker-Wheeler to submit a letter next week in response to the mayor’s comments, if she wishes to do so.

In response to Councilman Edwards, Ms. Runkle said the proposed budget does not assume a loss in revenues should I-695 be approved by Washington voters. It also does not assume increased public health costs, which would be one result should the initiative pass.

OLD BUSINESS

Committee of the Whole
Finance: Bingo Tax Rate Change for Non-Profits

Council President Parker presented a Committee of the Whole report recommending adoption of the ordinance as written by the City Attorney changing the bingo tax rate for non-profits from 10% of gross receipts less prizes to 5% of gross receipts less prizes, as required by State law. The Committee further recommended that the ordinance regarding this matter be presented for first and second reading and adoption. MOVED BY PARKER, SECONDED BY NELSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED. (See page 390 for ordinance.)

Budget: 2000 Property Tax Levy

Council President Parker presented a Committee of the Whole report recommending that the City adopt all three ordinances establishing the property tax levy to be six percent (6%) above the 1999 level or at a rate not to exceed $3.42 per $1,000 of assessed valuation. The Committee further recommended that the ordinances regarding this matter be presented for first and second reading and adoption. MOVED BY PARKER, SECONDED BY NELSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED. (See page 390 for ordinances.)

Finance Committee
Finance: Issaquah School District Impact Fees

Finance Committee Chair Edwards presented a report regarding Issaquah School District impact fees. The Committee recommended that the administrative fee be 5% rather than 10% of all fees collected and that the fee
itself be raised to include the administrative fees within the impact fee itself. The Committee also recommended that section D.5. be amended to read $2,937.00 and section I.4. be amended to read 5% rather than 10%. With these changes, the Committee recommended that the ordinance be adopted. MOVED BY EDWARDS, SECONDED BY NELSON, COUNCIL CONCUR IN THE REPORT AS READ. CARRIED. (See page 389 for ordinance.)

Finance Committee Chair Edwards presented a report recommending that the Planning/Building/Public Works Department be authorized to upgrade the Building Inspector/Combination position to Step D of the salary range. MOVED BY EDWARDS, SECONDED BY NELSON, COUNCIL CONCUR IN THE REPORT AS READ. CARRIED.

Finance Committee Chair Edwards presented a report regarding a lease with iCopyright, Inc. for the top three floors of the former City Hall building (200 Mill Ave. S.). The Finance Committee recommended concurrence in the staff recommendation to authorize the Mayor and City Clerk to sign the proposed lease with iCopyright, Inc., to expire August 31, 2004. MOVED BY EDWARDS, SECONDED BY NELSON, COUNCIL CONCUR IN THE REPORT AS READ.*

Responding to Councilmember Keolker-Wheeler, Facilities Director Dennis Culp said the rate per square foot will be $14.75, which is on the higher end of the current market range. He added that it will be a full-service lease.

* MOTION CARRIED.
