Bonnie Rerecich, Recreation Supervisor, and Jill Diddy, Recreation Program Coordinator, introduced the Special Olympics athletes who participated in the recent statewide events held at Fort Lewis. The athletes recited the Special Olympics oath: "Let me win; but if I cannot win, let me be brave in the attempt."

King County Jury Promotion (Superior Court Judge McCullough)

The Honorable Judge LeRoy McCullough, Chair, King County Superior Court Jury Committee, addressed the Mayor, Council and the viewing audience on the importance of jury service and the need for citizens to fulfill their civic duty by serving as jurors when summoned. Judge McCullough explained that the jury system in King County is suffering from a decline in the number of people serving as jurors. Currently, only about 10% to 15% of those summoned for jury service respond. As a result, the burden of jury service is borne by a small percentage of King County residents; fewer citizens from minority communities are serving as jurors; and a small number of businesses and employers pay a greater share of
the indirect costs of jury service for employed persons who serve.

Continuing, Judge McCullough noted that King County has implemented several programs designed to encourage jury service. For example, the County now selects jurors from a pool of persons with driver's licenses and identification cards in addition to registered voters. Additionally, the two-week juror service term has been replaced with a "two-day/one trial" term. But despite these changes, citizen response to jury summons continues to decline.

Judge McCullough also emphasized the importance of having a diverse jury panel, noting that the right of a defendant to a jury trial includes the right to an unbiased, non-prejudiced jury of one's peers. Stating that the purpose of a jury is to provide the legal system with the voice of the common man and the collective judgment of the community as a means of ensuring both justice and trust, he concluded by urging Council to encourage citizens to serve as jurors when summoned.

Responding to Council President Edwards, Chief Administrative Officer Jay Covington said the City continues to pay the salaries of its employees who are absent from work due to jury service.

Councilmember Keolker-Wheeler suggested that King County raise juror per diems from $10 per day to $25 per day, as allowed by State law. She noted that $10 typically will not cover a day's parking expense for jurors called to serve in downtown Seattle. Judge McCullough agreed, adding, however, that King County paid over $1 million in juror per diems in 1997.

Mrs. Keolker-Wheeler also suggested that the Court be allowed to advertise its speakers panel via Renton's government access channel, since community groups frequently seek speakers to address their memberships.

**ADMINISTRATIVE REPORT**

Chief Administrative Officer Jay Covington reviewed a written administrative report summarizing the City's recent progress towards goals and work programs adopted as part of its business plan for 1998 and beyond. Items noted included:

* The first phase of the move to the new City Hall was accomplished over the weekend with the relocation of the Economic Development Department, the Planning/Building/Public Works Department, Fire Administration and Fire Prevention, and the Community Services Department. The second and final phase will happen in mid-July.
* The Police Department has developed a new Crime Resistant Multi-Housing Program to help prevent illegal activity at rental properties.

**AUDIENCE COMMENT**

**Citizen Comment Loring - Proposed Conversion of Old City Hall to Residential Use**

David Loring, 613-A S. 3rd St., Renton, 98055, suggested that the City consider converting the old City Hall site for use as multi-family residential housing. Saying this could be accomplished by either selling the property to a developer or by the City entering into some type of public/private partnership with the City retaining ownership and control, Mr. Loring noted the need for more high-density residential property in the downtown. He appreciated the City's efforts to revitalize the downtown and felt that progress was being made, but was concerned
about keeping the momentum going after the piazza and Dally Homes projects are finished.

Mayor Tanner replied that although the City supports -- and is working towards -- a greater residential density of the downtown, neither he nor a majority of the Council favors selling this building at this time. Instead, the City plans to install fire sprinklers, then lease the building to one or more tenants who can pursue any additional desired improvements. Mayor Tanner also did not believe that it would be worthwhile financially to convert the building's use to residential.

Councilman Clawson commented that in ten or fifteen years, the City might be amenable to considering Mr. Loring's proposal for this site.

Citizen Comment Huxtable
- Cleanup on Sunset Blvd
Tom Huxtable, 3176 NE Sunset Blvd., Renton, 98059, expressed appreciation for the cleanup work done on Sunset Boulevard in the Highlands over the last three or four months. He also commended the City for the look of the new City Hall and its signage. On a final subject, Mr. Huxtable hoped that RUSH shuttle service will be expanded to the Highlands area from the downtown.

Councilman Corman replied that the City is interested in expanding RUSH shuttle service to the Highlands, perhaps in the next year or two.

Solid Waste Utility Division recommended accepting $28,080 from the Seattle-King County Department of Public Health for Local Hazardous Waste Management Program efforts (targeted waste collection and household hazardous waste education workshops). Refer to Utilities Committee.

Transportation Main Ave S Improvements, TIB Grant, CAG-98-

Transportation Systems Division recommended acceptance of a grant in the amount of $1,809,977 from the Transportation Improvement Board for construction of the Main Ave. S. improvements. Renton's required local match is $475,347. Council concur. (See page 212 for resolution.)

MOVED BY EDWARDS, SECONDED BY SCHLITZER, COUNCIL APPROVE THE CONSENT AGENDA AS PRESENTED.*

Councilmember Keolker-Wheeler inquired how the transfer of gravel from the Cedar River to its temporary storage location at the Narco site will affect Renton Hill traffic where Renton Avenue intersects with Mill Ave., Houser Way and the Narco site access road. Planning/Building/Public Works Administrator Gregg Zimmerman replied that for two months, gravel-carrying
trucks will make fairly regular runs between the Cedar River and the Narco site. The gravel will then be removed by a private contractor after August 31st.

Responding to Councilman Schlitzer, Mr. Zimmerman agreed to find out how often truck runs are expected to be made to the Narco site.

*MOTION CARRIED.

OLD BUSINESS

Public Safety Committee
Legal Drug Paraphernalia
Sales & Distribution

Public Safety Committee Chair Corman presented a report recommending that Council concur with the City Attorney's recommendation to adopt Engrossed House Bill 2772 by reference, making it an infraction to deliver drug paraphernalia. The Committee further recommended that the ordinance regarding this matter be presented for first reading. MOVED BY CORMAN, SECONDED BY NELSON, COUNCIL CONCUR IN THE COMMITTEE REPORT. CARRIED. (See page 212 for ordinance.)

Planning & Development Committee

Planning & Development Committee Chair Keolker-Wheeler presented a report recommending concurrence with the staff recommendation to authorize the removal of a restrictive covenant that was required in 1985 as a condition of the annexation and rezoning of certain properties located on the south side of NE 4th St., east of Union Ave. NE (Feighner/Dochnahl). The covenant required a joint (common) access between the properties, to be established at the time of future development or redevelopment of the properties. The covenant unduly encumbers the subject properties, and therefore the Committee recommended allowing the applicants to proceed with removing the restrictive covenant from the land title. The Committee recommended that Council authorize the Administration to cooperate in the preparation of documents for removal of the restrictive covenants. MOVED BY KEOLKER-WHEELE, SECONDED BY SCHLITZER, COUNCIL CONCUR IN THE COMMITTEE REPORT. MOTION CARRIED, WITH COUNCILMAN PARKER ABSTAINING DUE TO HIS PERSONAL ACQUAINTANCE WITH THE APPLICANTS.

Legal A-Frame (Sandwich-Board) Signs

As chair of the Planning & Development Committee, Councilmember Keolker-Wheeler reported that the committee is retaining the subject of A-frame signs for further deliberation. An ad hoc committee will be formed, to include interested business owners and others, to help resolve the various issues associated with this type of advertising.

Councilman Schlitzer suggested that the City make one of its video cameras available to this committee for the purpose of documenting the existence of signs other than A-frames, the legality of which are questionable.
